

Anselmus Herpin Hasugian

Informatics Engineering student at Institut Teknologi Sumatera (ITERA) specializing in full-stack web development and AI integration. Experienced in building responsive applications using React and FastAPI, with a strong foundation in database management (PostgreSQL) and applied machine learning research.

ACADEMIC PROJECT

Clinic Appointment System

Nov 2025 – Dec 2025

- Role: Frontend Developer (UI/UX & Validation)
- Tech Stack: React.js (TypeScript), Tailwind CSS, Python (Pyramid), PostgreSQL.
- Built responsive user interfaces for a clinic management system, including patient and doctor dashboards using React.js and Tailwind CSS.
- Engineered secure client-side form validations for appointment bookings and integrated the frontend with a Python RESTful API.

Madu Margolestari - E-Commerce Platform

Oct 2025 – Dec 2025

- Role: Frontend & Backend Developer
- Tech Stack: React.js, Node.js (Express), MongoDB, Tailwind CSS.
- Developed the user interface (frontend) and REST API architecture (backend) for a local MSME e-commerce platform to manage product catalogs, articles, and transactions.
- Integrated secure authentication systems (JWT & Google OAuth) on the server-side and designed a dynamic admin dashboard on the client-side.

EDUCATION

Institut Teknologi Sumatera (ITERA)

Informatics Engineering

2023 - Present

PENGALAMAN KERJA

Teaching Assistant – Introduction to Computer and Software II

Feb 2025 – Jun 2025

Institut Teknologi Sumatera (ITERA)

Assisted in guiding students through computer hardware practicums and evaluating technical assignments, specifically teaching computer hardware components, CPU architecture, and memory systems.

Lab Assistant – Computer Organization and Architecture

Aug 2025 – Dec 2025

Institut Teknologi Sumatera (ITERA)

Assisted students in basic computer troubleshooting and resolving technical issues during software practicum sessions, while teaching programming in C++ and Python alongside fundamental software operations.

KEAHLIAN

Programming: Python, C++, JavaScript/TypeScript, React.js, Node.js, Kotlin (Basic)
Design & Tools: Figma, Git/GitHub, Docker
Data & Databases: PostgreSQL, MongoDB, MariaDB
Soft Skills: Effective Communication, Teamwork, Adaptive Leadership (Able to lead a team and ready to be led)
Languages: Indonesian (Native), English (Professional Working Proficiency)
